(Bayport) – Suffolk County Legislator Bill Lindsay visited NBTY’s CapsuleWorks Facility in Bayport last Thursday March 24th. As chair of the Economic Development Committee of the Legislature, Lindsay saw this opportunity as a good chance to sit down with one of the biggest employers on Long Island and discuss the great opportunities that exist here in Suffolk County.

“We had a great conversation about the growth of their company and the benefits of doing business here in Suffolk County” said Legis. Lindsay. “Having a background in the private sector myself I see great advantages for companies like NBTY to conduct business here given our vast young educated population. We appreciate the work NBTY does not only employing so many people, but also for what they do for our community.”
